

IPL Visualisation Assignment in Tableau

By :- KEVIN PATEL

Problem Statement:

The Indian Premier League, or IPL, is a T20 cricket league, which was founded in 2008 and is held every year. It sees participation from both national and international players, and eight teams representing eight Indian cities compete with each other in a double [round-robin](#) format in the league stages, which are followed by playoffs. Over the years, IPL has become one of the most-watched and most attended live sporting events all over the world.

Results Expected:

- A tableau workbook containing 3 dashboards pertaining to the 3 categories - Match statistics, Player statistics and Team statistics.
- Each dashboard should contain the visualisations from the sub-category worksheets. For example, in the Match statistics dashboard, the visualisations should be from the Toss Outcome vs Match Outcome, Biggest Wins and Highest Totals worksheets. Similarly, you need to prepare the dashboards for Player statistics and Team statistics.

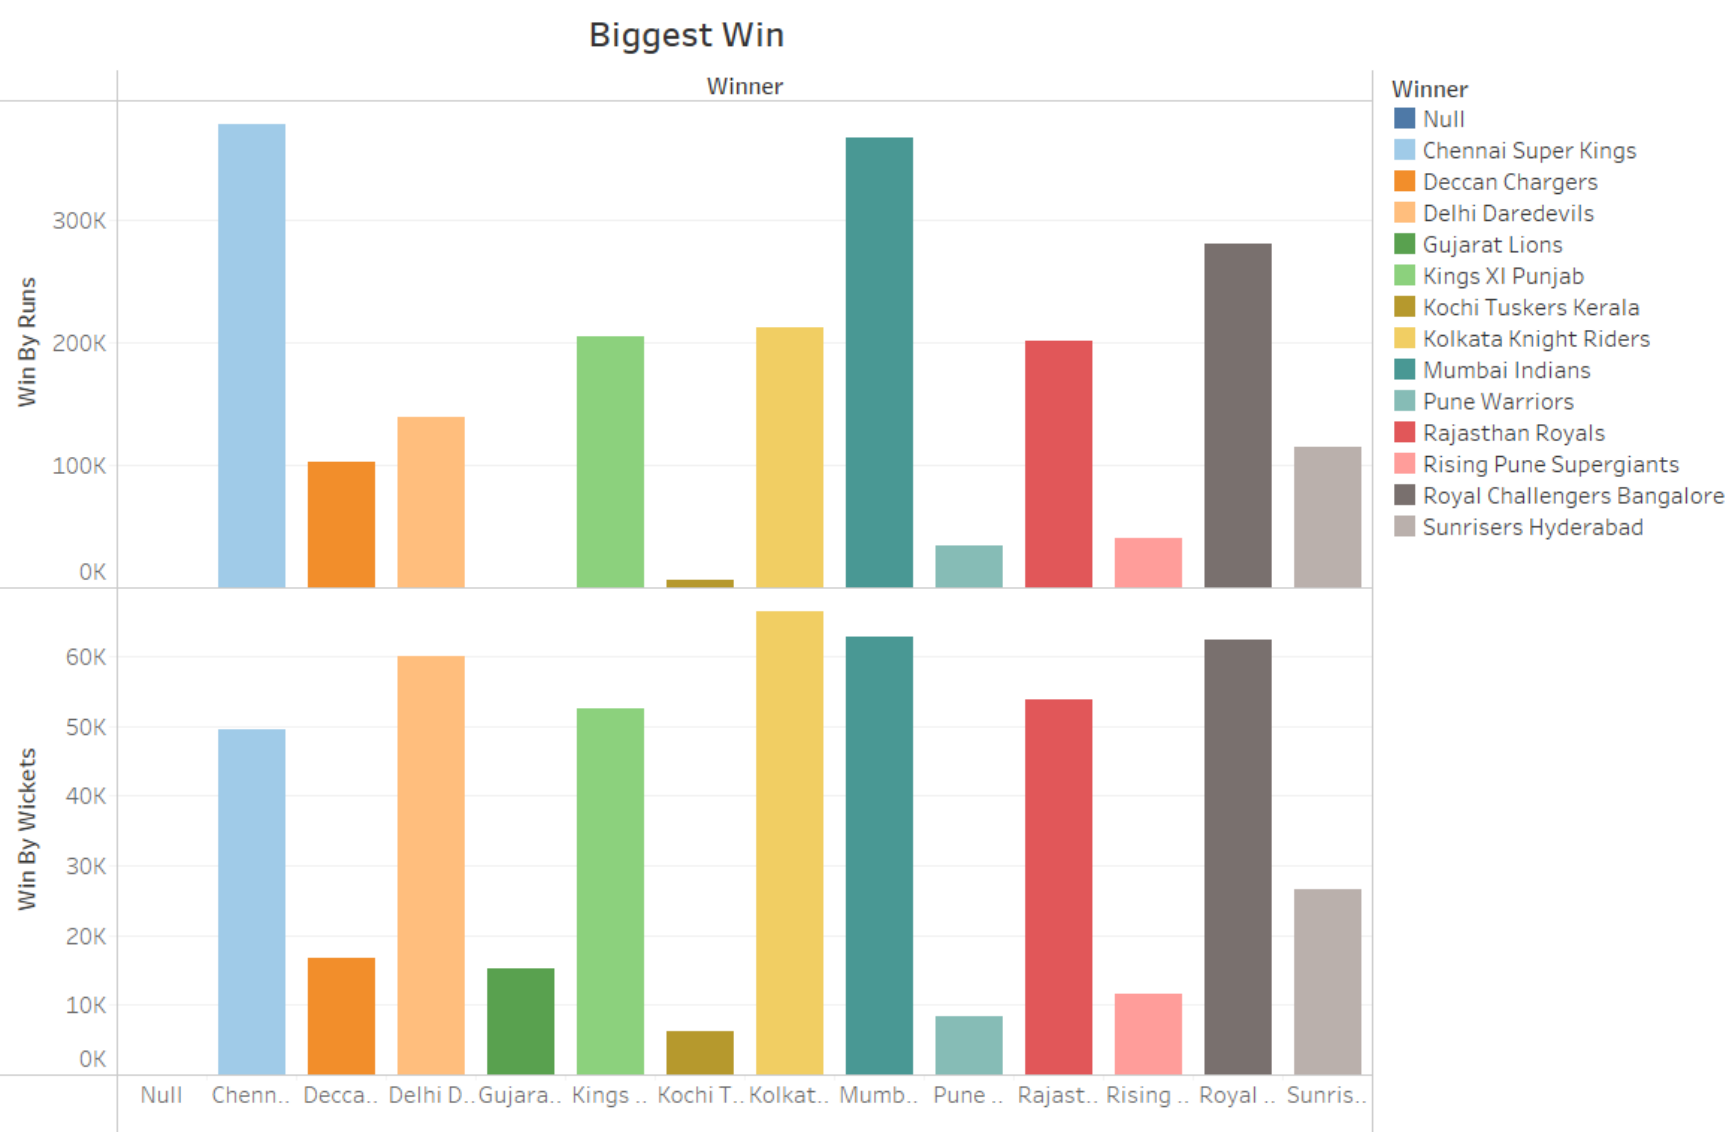

Toss Outcomes v/s Match Outcomes

Count of Id for each Venue. Color shows details about Toss vs Match.

Observations:

We can see most number of matches were played in M Chinn swamy Stadium, Eden Gardens Stadium, Feroz Shah Kotla Stadium, Wankhede Stadium and so on, as there are equal numbers of team who Win the Match either they win or loss the toss, but most of the matches are lost who have not win the toss.

Sum of Win By Runs and sum of Win By Wickets for each Winner. Color shows details about Winner.

Observations:

If we talk about Winning by Runs we can see Chennai Super Kings leads followed by Mumbai Indians while Kolkata Knight Riders leads in Winning by Wickets followed by Mumbai Indians, so we can observe that 2nd Most leading team is Mumbai Indians.

Highest Runs among each Seasons

Observations:

As we noticed in 2013 teams scored most numbers of runs i.e. 22602, and in 2009 teams scored least score i.e. 16353 followed by 2012 and 2011 and the rest of the years average scores between 15000-20000.

Date Year and sum of Total Runs. Color shows details about Date Year. Size shows sum of Total Runs. The marks are labeled by Date Year and sum of Total Runs. The view is filtered on Date Year, which keeps 10 of 10 members.

Most No of Six's

Observations:

Chris Gayle hit maximum numbers no of Six's in 2013, and had hit maximum numbers of six in every season, followed by Suresh Raina, Rohit Sharma, Virat Kohli and so on.

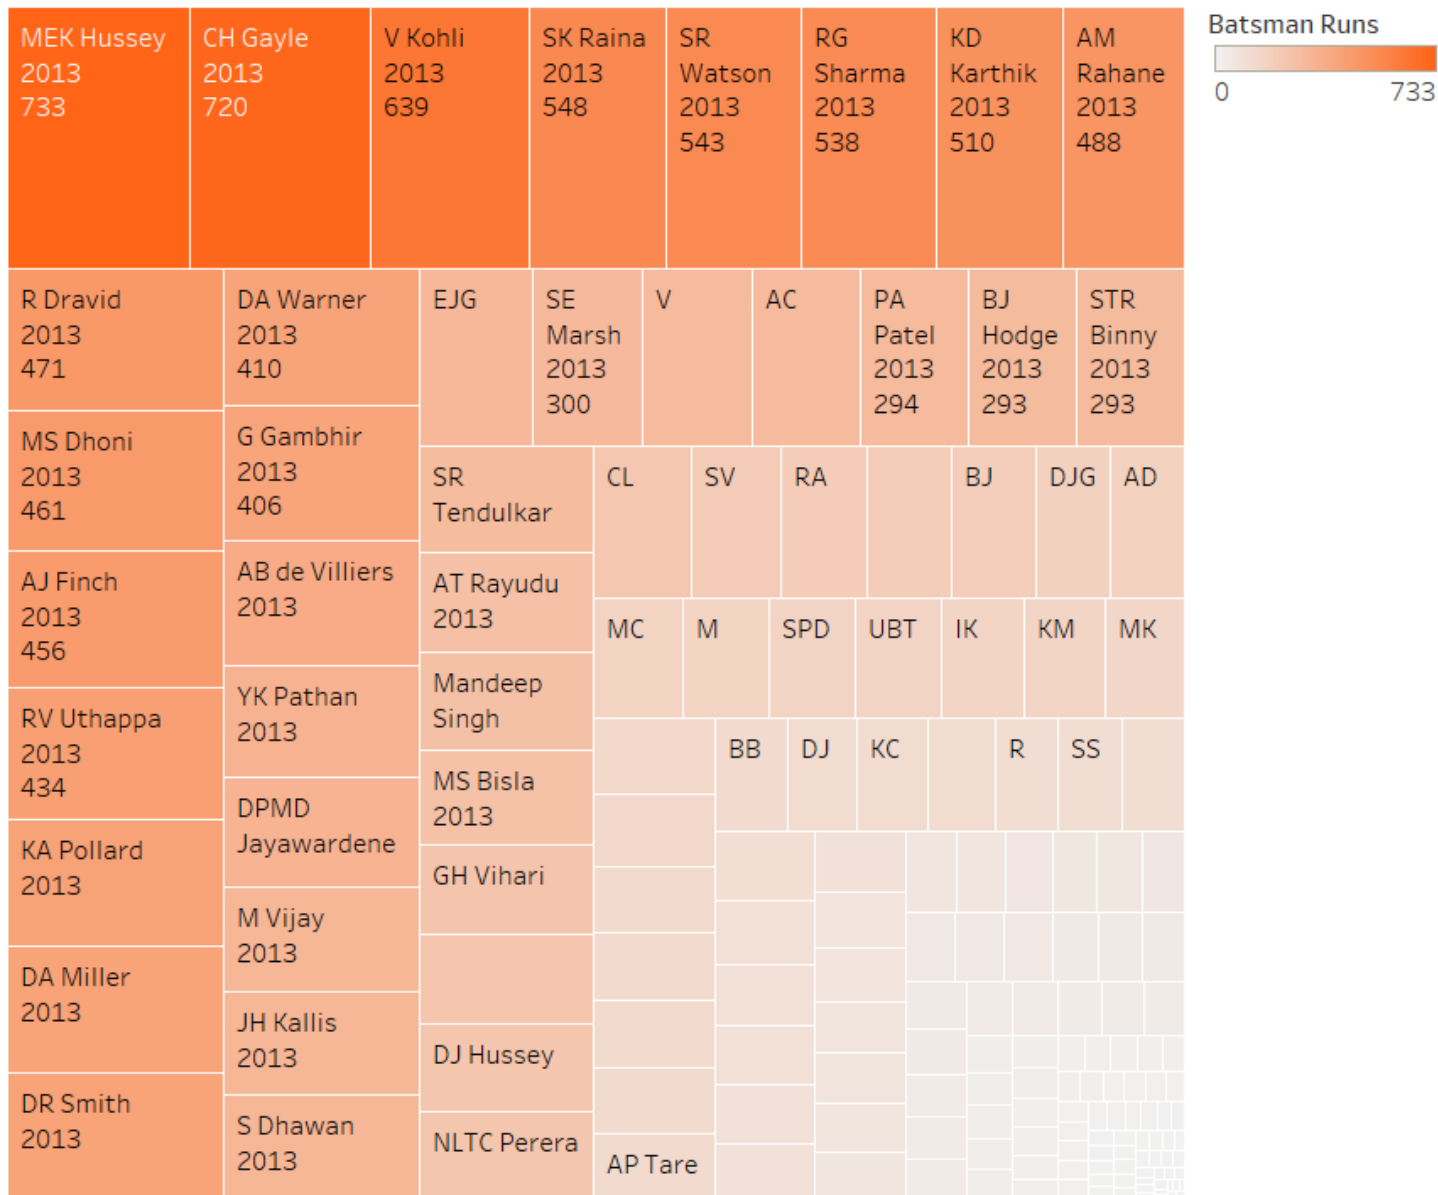

Most No of Four's

Observations:

Gautam Gambhir hit maximum numbers no of four's in 2013, and had hit maximum numbers of four's in every season, followed by Suresh Raina, Shikhar Dhawan, David Warner and so on.

Orange Cap Contenders

Observations:

In 2013, MEK Hussey snatch Orange cap by scoring Highest Run i.e. 733, followed by Chris Gayle with 720 after hitting maximum numbers of Six's, just 13 runs away from Orange cap.

Batsman, Date Year and sum of Batsman Runs. Color shows sum of Batsman Runs. Size shows sum of Batsman Runs. The marks are labeled by Batsman, Date Year and sum of Batsman Runs. The view is filtered on Date Year and Batsman. The Date Year filter keeps 2013. The Batsman filter keeps 461 of 461 members.

Purple Cap Contenders

Bowler, count of Player Dismissed and Date Year. Color shows count of Player Dismissed. Size shows count of Player Dismissed. The marks are labeled by Bowler, count of Player Dismissed and Date Year. The view is filtered on Date Year, which keeps 2013.

Observations:

In 2013, DJ Bravo grab Purple cap by taking 34 wickets, if JP Faulkner takes one more wicket then it would be challenging for him to get purple cap.

Wining Percentage Away v/s Home

% of Total Count of Away Win and % of Total Count of Home Win for each Winner. For pane % of Total Count of Away Win: The marks are labeled by % of Total Count of Away Win. For pane % of Total Count of Home Win: The marks are labeled by % of Total Count of Home Win. The data is filtered on Season, which ranges from 2008 to 2017. The view is filtered on Winner, which excludes Null.

Observations:

- If we talk about matches won on the home ground then Mumbai Indians won around 17% matches on home ground as compare to Kochi Tuskers which is of 1.02%.
- On the other side Chennai Super kings won highest matches among other teams away from his home ground which is around 14% and again Kochi Tuskers which is 0.44%, that is least among all other teams hence worst performer of the season.

Team Wise Wicket

Bowling Team

Observations:

Mumbai Indians leads as the most wicket taking team compares to other with the total of 949 wickets in a season, followed by Royal Challengers Bangalore with 883, Kolkata Knight Riders with 858 and the least wicket taking team is as predicated Kochi Tuskers Kerela with 74 wickets the whole season.

Count of Player Dismissed for each Bowling Team. Color shows details about Bowling Team. The marks are labeled by count of Player Dismissed. The view is filtered on Bowling Team and count of Player Dismissed. The Bowling Team filter keeps 13 of 13 members. The count of Player Dismissed filter includes everything.

Team Wise Score

Batting Team

Observations:

If we talk about team wise score then again Mumbai Indians tops with 23108 scored during the season, followed by Royal Challengers Bangalore scored 22244, we can see same pattern of team which hit most wickets while there are some change between teams who compete with each other, As expected with pervious results Kochi Tuskers Kerala is last among other teams with the score of 1758 which is least.

Sum of Batsman Runs for each Batting Team. Color shows details about Batting Team. The marks are labeled by sum of Batsman Runs.

Thank You!
